

PROCUREMENT

Lesedi has a fully-fledged procurement department providing strategic sourcing and materials, components, equipment and services.

We provide clients with technical resources, processes, systems, market knowledge and volume-leveraged pricing. We offer reliable project deliveries, innovative performance solutions and project savings through the combination of industry-leading technologies.

PROCUREMENT

OUR PROCUREMENT CAPABILITY INCLUDES, BUT IS NOT LIMITED TO:

- Sourcing construction services in the power generation, mining, and oil & gas sectors
- Managing the logistics to deliver materials and equipment to project sites across Africa
- Expediting delivery to ensure projects are completed on schedule

Our clients depend on Lesedi's expertise for timeous procurement of materials and equipment for their projects. As a BBBEE Level 4 Contributor, Lesedi manages its portfolio to meet the requirements for preferential procurement.

OUR FOCUS AREAS:

- **Strategic sourcing**
Lesedi achieves clients' product sourcing objectives by leveraging highly knowledgeable product directors assigned to specific categories of materials, equipment and services.
- **Enterprise and supplier development**
We are committed to achieving excellence in supplier diversity.

By helping small businesses improve competitiveness, we build local capacity and promote economic development. Lesedi's procurement division has built a network of trusted suppliers to deliver critical items to our projects and clients.

- **Preferential procurement**

Lesedi is focused on preferential procurement to maximise the procurement spend with BBBEE-compliant suppliers in South Africa as well as exempt micro enterprises, qualifying small enterprises, and suppliers that are at least 51% black-owned and at least 30% black-women owned.

TRANSFORMATION & LOCALISATION

Lesedi is committed to achieving excellence in supplier diversity throughout its businesses. We operate across highly diverse markets that are best served by correspondingly diverse resources, including suppliers and subcontractors.

Diverse supplier categories include: small businesses, small disadvantaged businesses, women-owned small businesses, veteran-owned small businesses, service disabled veteran-owned small businesses, and youth-owned businesses. The company actively participates in regional business development boards and small business organisations. Lesedi is highly sensitive to localisation ambitions of countries in which we operate and considers these requirements pro-actively.

PROCUREMENT

LESEDI CODE FOR RESPONSIBLE SOURCING

Our responsible sourcing principles and transformation policy, which incorporate health and safety, human rights, ethics, transformation, technical adjudication, commercial imperatives and the environment, are given systematic consideration when making a procurement decision, alongside factors such as price and quality.

Suppliers are strongly encouraged to collaborate with Lesedi to identify opportunities to improve responsible business practices in the areas of:

- **Quality**
Lesedi seeks to work with suppliers that comply with quality assurance and technical requirements for each project.
- **Price**
We strive to provide the client with competitive prices and seek suppliers' partnership in cost savings.

- **Ethics**
Lesedi is committed to apply fair, ethical and transparent business practices and requires adherence of suppliers to such standards.
- **Environmental stewardship**
We seek to work with suppliers that are committed to minimise the impact on the environment and follow best practices in environmental management.
